

ALKALINE COIL CLEANER (ACC)

Foaming Non-Acid Condenser Coil Cleaner

ACE ALKALINE COIL CLEANER (ACC) is non-acid blend of alkaline-based detergents, surfactants and chelants formulated with a strong foaming action designed to rapidly emulsify greasy soils and oxidation...thereby leaving coils dirt-free and shining. **ACE ALKALINE COIL CLEANER (ACC)** is recommended for cleaning air-cooled condensers, permanent filters and other finned heating and cooling coils.

FEATURES & BENEFITS

- Excellent grease-cutter ... cleans and brightens in one-step
- Foaming action ... penetrates and cleans multi-row coils.
- Authorized by the USDA ... use in federally inspected meat and poultry establishments

DIRECTIONS for USE: Wear goggles, gloves and protective clothing when using this product. Shut off system. Add one part **ACE ALKALINE COIL CLEANER (ACC)** to three or four parts of water in a low-pressure sprayer. Add the water to the sprayer first, and then add the cleaner. Apply the cleaning solution directly onto coil surfaces and allow to remain in contact for 5-10 minutes. Thoroughly flush the coil with clean water before returning the system to service. If used on built-up roofs etc., it is important to make sure all residual cleaner is washed off roof surface after application. If used indoors, fumes may cause irritation to sensitive individuals.

SAFETY: If ingested, do NOT induce vomiting. Drink water and seek IMMEDIATE medical help. For skin/eye contact, flush with clean water for 15 minutes. If irritation persists, seek IMMEDIATE medical help.

CAUTION: Contains Potassium and Sodium Hydroxide. Avoid skin/eye contact. Wear gloves and goggles when using. Use in well-ventilated areas. Do not breathe vapors.

PHYSICAL PROPERTIES

APPEARANCE	Clear Liquid
COLOR	Blue
pH	13.50
SPECIFIC GRAVITY	1.14
PACKAGING	4x1-gallon bottles/case 5-gallon pail 55-gallon drum
