

FRESH-AIRE (AFA) HVAC Malodor Counteractant

ACE FRESH-AIRE (AFA) is a newly developed liquid malodor counteractant formulated to chemically neutralize unpleasant odors such as mold/mildew, cigarette/cigar smoke, cooking odors commonly associated with HVAC systems.

FEATURES & BENEFITS

- Easy-to-Use - "Mist" directly into the air-stream of the duct system. Can also be applied to the A/C system's air filter or to the condensate drain pan. Also use to freshen stale room air by spraying into the room space.
- Chemically reacts with odor to neutralize odor at source - eliminates odors from tobacco, cooking, mold and mildew, etc
- Effective deodorizer - contains pleasant "Lavender" scent.

DIRECTIONS for USE: Central HVAC Systems - Remove filter and expose air intake and drain pan area. Spray **ACE FRESH-AIRE (AFA)** directly into exposed area. Next clean filter and spray with **ACE FRESH-AIRE (AFA)** before re-installing filter. If air handler is inaccessible, simply remove the air intake grill and spray **ACE FRESH-AIRE (AFA)** directly into the duct system. Wall Units: Turn unit off. Remove grill and filter. Spray **ACE FRESH-AIRE (AFA)** into the finned evaporator. Clean grill and filter, then spray with **ACE FRESH-AIRE (AFA)**. Finally replace grill and filter.

SAFETY: If ingested, drink large amounts of water. Do NOT induce vomiting. Seek IMMEDIATE medical help. For skin/eye contact, flush with clean water for 15 minutes. Seek IMMEDIATE medical help, if irritation persists.

CAUTION: KEEP OUT OF REACH OF CHILDREN. May be irritating to individuals with respiratory problems. Evacuate building if necessary.

PHYSICAL PROPERTIES

APPEARANCE	Clear Liquid
COLOR	None
FRAGRANCE	Lavender
pH	NA
SPECIFIC GRAVITY	0.99
PACKAGING	12x32oz bottles per case 4x1 gallons per case
